

# CONTESSA

## CONtemporary TEaching Skills for South Asia

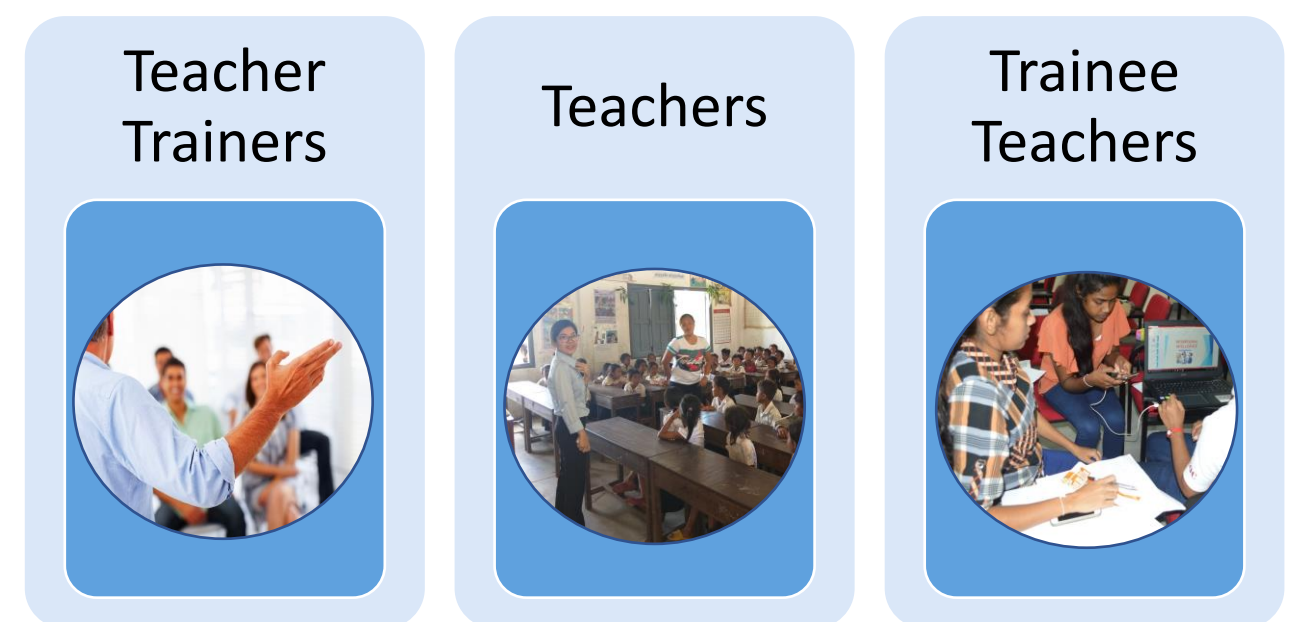

An innovative Erasmus+ Capacity Building in Higher Education project that aims to further the development of teaching skills in Cambodia and Sri Lanka.

### PROJECT PARTNERS

The University of Graz has joined forces with carefully selected partners who stand out in the field of e-didactics, distance based learning and higher education.

### TARGET AUDIENCE

CONTESSA will focus on developing the skills of educators at various points in their career including in-service teachers, students studying to become teachers and teacher educators.

### IN-SERVICE TRAINING

Provide further training for teachers who have already begun their careers in the classroom.

### TRAIN-THE-TRAINER

Supply teacher trainers with the skills and information needed to transfer knowledge to in-service teachers and trainee teachers.

### MULTIPLIERS

Engage teacher trainers who can continue to grow and develop the program the project completion

### ONLINE COURSES

Develop courses focusing on integral contemporary teaching skills with various elements including podcasts, videos and case-based studies.

### Contemporary Teaching Skills
